## PAST CHANCELLORS HOLD SUCCESSFUL DISTRICT MEETING

Thursday night, Feb. 3, was a red letter occasion in Pythian annals in Newark. The occasion was the meeting in the city of the Past Chancellors Pythian convention for the Nineteenth district composed of the counties of Coshocton, Guernsey, Licking and Muskingum. Although the association was organized only three years ago with five members in Zanesville, O., it now numbers 150 members and is rapidly growing. It is hoped to embrace ere long all the Past Chancellors in the district about 600 in number. The regular business meeting Thursday night began at 8 o'clock in the Castle Hall of Roland Lodge. A large number of Past Chancellors from all over the district were present and President E. M. P. Brister presided. Ten Past Chancellors were elected to membership, and it was resolved to hold the next meeting at Granville this county, on the first Wednesday in May. Alabama Lodge is much pleased with this selection, which was effected through the active exertions of William A. Mitchell, Past Chancellor of Alabama Lodge, and they will endeavor to outdo the other lodges in giving the convention a good time. The present list of officers were elected unanimously for another term, this being the third term that Judge E. M. P. Brister has been elected successively, which is a well deserved recognition of his efficiency as presiding officer. The officers are: President, E. M. P. Brister, Newark; vice president, W. A. Mitchell, Granville; treasurer, S. H. Flemin, Zanesville; sergeant at arms, C. H. Hanks, Adamsville. The association completed its regular business at 8 o'clock and adjourned to the hall of Newark Lodge, K. of P., where the work of the Amplified third degree was put on in splendid manner by a team composed of the Past Chancellors of both lodges, a thing never before heard of in this city, or perhaps in the state. The work was splendidly done with Judge W. A. Brister as King. At the conclusion of the work an elegant banquet was served, after which a season of speech making was indulged in with Past Chancellor George W. Horton as the toastmaster. A number of K. P. speeches limited to five minutes were made by Grand Chancellor Wehrle of Columbus who had honored the occasion by his presence, Judge E. M. P. Brister of Newark, C. W. Highfield of Zanesville, William A. Mitchell of Coshocton, J. A. Groves of Newark and others. The entire occasion was a complete and most enjoyable success.

## HAPPENINGS IN NEARBY OHIO TOWNS

**Bellefontaine:** Because of an epidemic of phthisia the public schools of Lewistown are closed.

**East Liverpool:** "I have taken them all, grandma" were the last words uttered by Elmer Henderson, aged four years to Salineville as he told of eating a box of neuralgia tablets. The child supposed they were candy.

**Cincinnati:** One man was instantly killed and three workmen were temporarily injured in a collapse of the inner wall and floors of the Frieberg whiskey warehouse.

**Springfield:** Harry Bradford was instantly killed when he picked up an iron rod from the street during a rainstorm. The rod came in contact with an electric light pole which was heavily charged with electricity from the wire which operated the lamp.

**Ironopolis:** In the temporary absence of his mother, the three-year-old son of Mrs. Bernice Miller of Arabia started a fire by pouring oil on the stove. The boy and his 18-months-old sister perished.

**Marion:** John Fox 15 years old, a patient at the Dr. S. E. Sawyer sanatorium committed suicide at the sanatorium by strangling himself to death with a sheet. His home was in Sandusky, and he was a sufferer of acute melancholia.

**Coshocton:** Arthur Kuntz, a young lad of Coshocton, left his home this morning at 1:30, belonging to his grandfather. The lad was accused of taking the money before he left but he denied the theft and then came up missing.

**Coshocton:** With the thawing of the ice and up on the sides of the river the ice is disclosed that thousands of fish are frozen solidly in the ice.

**Zanesville:** Cuyler L. Clark, son of Mr. and Mrs. Samuel Clark of Hamilton, has been notified that he has received an appointment to West Point Military Academy. He will report March 1.

**Columbus:** There will be more prisoners discharged from the penitentiary in the present month than in any one month for a long time. During February seventy prisoners will

be set free and four of them are women. A great many of these prisoners will receive one day's good time by the expiration of their sentence falling on Sunday.

**Bellefontaine:** Paul Seadle of Ridgeway drank the contents of a bottle of creosote by mistake for medicine and may die.

**Findlay:** North Baltimore is again in the throes of a fierce postoffice war the combatants being Editor S. W. Wilkinson for a fourth term and J. W. Backett.

**Marsville:** Charles Hobbs, aged 51 a veteran soldier, is dead after a brief illness of lung trouble.

**Cleveland:** While working under an automobile Fred Schmidt was nearly burned to death when the explosion of an oil stove set fire to the garage. He was rescued with difficulty by his father, Henry Schmidt.

**Wapakoneta:** Wallace Frymuth, a farmer living near here, sold a head of young cattle that weighed 720 pounds, or an average of 145 pounds each. One steer weighed 1,700 pounds and brought the sum of \$119.50. This is probably the highest price ever paid for a single steer for market. The price was 6 1-2 cents per pound.

**CRITICISM OF A "FAT" STORY.**

We were criticized for telling fat people to "tender" seventy-five cents to their druggists for a large case of Marmola Tablets. Several wrote in saying the use of the word "tender" was incorrect, that "tender" in such a connection raised the impression the druggist might refuse seventy-five cents as insufficient.

Now, isn't that odd! A few weeks ago a seventy-five cents was "tendered" to a Broadway druggist and he did not refuse it. That is, he said, he had no Marmola Tablets, whereas he did have seven cases. But, the wholesale house was closed, it being on a Saturday, and he had to prevaricate to protect his regular customers, who absorbed those seven cases later in the day.

This elegant pharmaceutical adaptation of that famous, fashionable fat reducer, the Marmola Prescription (viz. 1/2 oz. Marmola, 1/4 oz. Pl. Ex. Cascara Aromatic, 3/4 oz. Peppermint Water), is certainly having a remarkable vogue. Millions of cases of tablets are sold yearly and their fame grows. This is doubtless because of their harmlessness (guaranteed by the Marmola Co., 651 Farmer Bldg., Detroit, Mich.), and ability to remove ten to sixteen ounces of fat (not flesh) a day without inconvenience, bother, need for exercising or interference with the taker's appetite for good things.

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because it is so insidious. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys excrete blood with attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles cannot be cured until a permanent cure is made. The only better health in that organ is made possible by a proper treatment of the kidneys. Swamp-Root corrects the kidneys and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The medicine is sold in bottles of Swamp-Root, the great kidney remedy, is soon realized. It is the only medicine of its remarkable properties. Swamp-Root is sold in all drug stores in 50-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it both sent free of charge. Write Dr. Kilmer & Co., P.O. Box 589, New York, N. Y. When writing mention that you saw an ad in this paper. It will make any mistake in the name of the medicine. Swamp-Root is sold in all drug stores. If you do you will be satisfied.

**FEET SO SORE COULDN'T WALK DOWN STAIRS**  
TIZ Cured Her Quick.

If you have sore feet, tired feet, sweaty feet, lame feet, tender feet, smelly feet, corns, calluses or bunions, read what happened to Mrs. Crockett, of Jeffersonville, TIZ DID IT. Mr. Crockett says: "After the second treatment she walked down stairs with one foot at a time. She has not been able to walk down stairs before in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes." No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made that acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. Here is nothing on earth that can compare with it. TIZ is for sale at all druggists. 25c per box, or direct, if you wish, from Walker-Luther Didge & Co., Dodge Building, Chicago, Ill.

after. He left his wife in the kitchen washing a pan, he said. The gas stove was burning. The rear door was open as he could see his boy and a neighbor's boy playing in the back yard.

He walked out through the front door and over Richmond street to Central avenue, and thence down to Murphy's saloon. He said he read part of a book on the way and walked leisurely. It probably took him 20 minutes, he said, and he reached Murphy's about 10:25, he judged. He met Patrolman Pete Gittera at Eighth street and Central avenue. He remained in Murphy's until 11:05 and went to the express office, where a telephone message summoned him to his home about 11:20 o'clock and he found his wife had been burned.

"I really think she committed suicide," he said. He added that he did not have any time to investigate, however, because he was arrested almost immediately upon arriving at the house.

This concluded his examination and he was taken back to Central Police station.

At the conclusion of the inquest, it was decided that Van Zandt's time in expiating his crime on last Saturday morning, that there was no need to let him go, and so to the police he was taken to the police station.

It was not until the examination of the body of the woman, who he said was his wife, that he was allowed to see her.

### A CHEMIST'S OPINION ON SKIN DISEASES.

Mr. T. J. Evans, the chemist and druggist, says that in all his scientific and business experience he has never found any remedy so successful as ZEMO for the treatment of Eczema, Itching Skin Diseases, Dandruff, Eruptions, Blackheads, and all diseases of the skin and scalp. He says that not only do its curative qualities make it popular but also the fact that it is a clean, liquid remedy for external use. A wonderful improvement over the old greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that cause the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. Mr. T. J. Evans will gladly supply those who call, with a free sample bottle of ZEMO and a booklet which explains in simple language all about Skin Diseases and how to cure yourself at home with ZEMO.

### ESTRADA

Washington, Feb. 4.—The city of Managua is in a state bordering upon panic over the approach of the insurgent army under General Estrada, according to advices received at the

## COUNTESS

WHO FORMERLY RESIDED IN CHICAGO PAYS CITY VISIT UNDER ASSUMED NAME.

Husband Sued for \$10,000 by Mrs. Ernst. Who Claims She Found Him Rich Wife.

Chicago, Feb. 4.—Countess Santa Eulalia, formerly Mrs. John B. Stetson, of Philadelphia, rushed into Chicago, registered at a hotel under an assumed name, and is now on her way east.

Chicago society today is wondering whether the countess' trip had anything to do with the claim against Count Eulalia for \$10,000 made by Mrs. Wm. Ernst, of Chicago, who contended that she wrote the love letters for the count that won him Mrs. Stetson and her millions. The countess refused to explain the mystery surrounding her hasty visit to Chicago, and denied that the count, former Portuguese consul, is in this country.

Mrs. Ernst filed suit against the count last September, but it was removed that the suit had been dropped. Mrs. Ernst declared she managed the count's love affairs and dictated most of his love letters. She said she was to be paid out of the Stetson millions after the marriage, but the count denied the bargain.

## DO YOU WISH BASE BALL?

Clark Doughty, of Columbus, who proposes to place a team in Newark, will arrive in the city Saturday morning to call on those of our citizens who wish baseball in Newark this season. This will be the last chance to get in organized ball this year, and as the Ohio State magnates meet in Columbus Monday, the decision must be made at once. It is up to the fans tomorrow to make the decision.

In a number of papers the "Ohio idea" against meat is called "the Ohio idea". Over 10,000 people in Ohio are reported a having signed pledges to abstain from eating meat 10 days or longer. Given news, at Columbus, agreed to cut out meat for 10 days under penalty of a fine of 75 cents.

Reports tell how the anti-meat crusade spread like wildfire to other states.

Also how the retail butchers blame the packers; how the packers blame the retailers and the farmers; how the farmers come back with proof that it isn't so; how the retail butchers suffer; how meat prices went higher at first to make up the loss as the demand was reduced; how the packers laugh and say they'll make it up after the craze is over; how workmen say they can't do heavy toil.

# GIVE YOUR STOMACH A VACATION

By Using Stuart's Dyspepsia Tablets Which Digest Food Without Any Aid.

# A Trial Package Sent Free.

The stomach should have a rest when it is tired out and irritated from dyspepsia and indigestion. One reason for calling upon the stomach in this condition to do its full and complete duty. What the stomach needs is assistance and when this is given the stomach responds quickly to the needed rest and comes back to its duties refreshed and invigorated.

When you feel as though your stomach were a piece of old, when you feel that your food is not being properly digested, when your tongue is coated and your appetite gone, it is high time to send your stomach on a vacation.

The stomach is constantly coming in contact with foreign substances, which must reduce in form to give strength and health to the other organs of the body. It is the commissary department of the human system and must furnish from such supplies as come to it all that such a system needs.

If the stomach becomes deranged and cannot furnish all that is necessary to keep the other organs in good health, it is in its place of commission. It cannot cure itself because the curative powers of Nature receive their force from the stomach, so that if the stomach is weak, it cannot receive perfect curative means for its own benefit.

Stuart's Dyspepsia Tablets impart all the power, vigor and strength necessary to the stomach. They do the stomach's work and without calling on this organ for assistance.

If you would put your meal in a glass jar and with it place the correct amount of Stuart's Dyspepsia Tablets, watch these tablets. They are the most perfect stomachic. This combination has been made in almost every state in the Union by these tablets. One grain of a single ingredient being a unit of digesting 3,000 grains of food.

If you have the slightest doubt about your stomach, ask for a box of Stuart's Dyspepsia Tablets, price 50c or send your name and address and we will immediately send you by mail a trial package free. Address: W. A. Stuart Co., 130 Stuart Bldg., Marshall, Mich.

# WATER WORKS PROBE

(Continued from Page 1.)

think the city has a clear title to the Sixth street park.

**ZACK MILLIGAN.**

Mr. Milligan was subpoenaed into court this morning. He said he was a brick layer and said he put brick lining in boilers at both electric light and water works plants. He said he thought the job was a good one. The work was then explained by the witness. He was then asked about his talk with Mr. Flannigan in Bricker's restaurant. He said it was about eight weeks ago. Mr. Flannigan failed to remember who were present at the time but they were talking about the water works. Milligan testified that Flannigan said that it was until the work was finished he would get a third of the profits of the company doing the work. He said he told John Lamb of conversation.

**ROYAL C. BIGBEE.**

We were asked about cashing \$300,000 certificates after he went into office and said it was some time before he cashed them. He said he thought it was the middle of January. He said there was some delay in getting money from the banks. Other short testimony was given.

**JAMES E. ODER.**

He testified he was in the cement business and at one time he was superintendent of Cedar Hill cemetery. He told of the barn moving episode. Mr. Oder said he put in all the cement work at the Sixth street park. He said he had a written contract for doing this work. He was to get nine cents per square foot for the walks, \$2.00 per step, and 10 cents a cubic foot for the fountain. He received \$500.00 for doing the work. He said the work was not advertised by the board. He said he told the inspector, Stanley Wilson, that the work would go over \$500. At first it wasn't thought the work would reach that amount, but the changing of the fountain increased the total.

**CHARLES E. WELLS.**

City Engineer Wells was again put on the stand and submitted columns of figures as evidence in the distribution system of the water works. Mr. Wells, when he entered the court room, was loaded with books, plans and specifications and other data he had been gathering for weeks for Examiner Hack. This data will go with Mr. Hack and will be gone over thoroughly before his report is made.

Mr. Christian made an effort to find out the exact cost of the work done by the American Light and Water Co. and the other costs to the city prior to and during the time that company worked in Newark. The summary as made by Mr. Christian was up to the contract with the York Construction company.

Mr. Wells was asked numerous other questions, among which was, "What would the buildings at site No. 3 cost at site No. 2?" He replied that according to his figures the cost would have been \$101,709.52.

Mr. Wells went up to the sites several days ago and took measurements of everything inquired about by Mr. Hack and these figures were submitted as evidence and marked as exhibits.

Mr. Wells was asked numerous other questions, among which was, "What would the buildings at site No. 3 cost at site No. 2?" He replied that according to his figures the cost would have been \$101,709.52.

Mr. Wells went up to the sites several days ago and took measurements of everything inquired about by Mr. Hack and these figures were submitted as evidence and marked as exhibits.

# WATER WORKS PROBE

(Continued from Page 1.)

think the city has a clear title to the Sixth street park.

**ZACK MILLIGAN.**

Mr. Milligan was subpoenaed into court this morning. He said he was a brick layer and said he put brick lining in boilers at both electric light and water works plants. He said he thought the job was a good one. The work was then explained by the witness. He was then asked about his talk with Mr. Flannigan in Bricker's restaurant. He said it was about eight weeks ago. Mr. Flannigan failed to remember who were present at the time but they were talking about the water works. Milligan testified that Flannigan said that it was until the work was finished he would get a third of the profits of the company doing the work. He said he told John Lamb of conversation.

**ROYAL C. BIGBEE.**

We were asked about cashing \$300,000 certificates after he went into office and said it was some time before he cashed them. He said he thought it was the middle of January. He said there was some delay in getting money from the banks. Other short testimony was given.

**JAMES E. ODER.**

He testified he was in the cement business and at one time he was superintendent of Cedar Hill cemetery. He told of the barn moving episode. Mr. Oder said he put in all the cement work at the Sixth street park. He said he had a written contract for doing this work. He was to get nine cents per square foot for the walks, \$2.00 per step, and 10 cents a cubic foot for the fountain. He received \$500.00 for doing the work. He said the work was not advertised by the board. He said he told the inspector, Stanley Wilson, that the work would go over \$500. At first it wasn't thought the work would reach that amount, but the changing of the fountain increased the total.

**CHARLES E. WELLS.**

City Engineer Wells was again put on the stand and submitted columns of figures as evidence in the distribution system of the water works. Mr. Wells, when he entered the court room, was loaded with books, plans and specifications and other data he had been gathering for weeks for Examiner Hack. This data will go with Mr. Hack and will be gone over thoroughly before his report is made.

Mr. Christian made an effort to find out the exact cost of the work done by the American Light and Water Co. and the other costs to the city prior to and during the time that company worked in Newark. The summary as made by Mr. Christian was up to the contract with the York Construction company.

## Free Laxative For Babies

Just as a mother is careful about the food she gives a child, she should be careful about the kind of a laxative she gives it to clear its little bowels. Not all remedies for this purpose, no matter how good they may be, are suited to a child.

You should especially avoid pills and tablets and powders, for they are difficult to digest and children find it hard to swallow them. And purgatives and salts and the various waters are too violent for the young. Better give it a gentle though effective laxative like Dr. Caldwell's Syrup Pepsin, which is pleasant to the taste and absolutely does not grip. A fifty-cent bottle of this can be bought of any druggist, and if you give a small dose, as the directions call for, before you put the child to bed, or a small dose before breakfast, you will have a cheerful, happy child in a few hours.

This remedy has been sold for almost a century, and the thousands of families who know about it, but if you have never used it, and you would like to make a test of it before buying it in the regular way, send your name and address to the doctor for a free sample bottle. In this way, without expense, many mothers have learned the value of curing children of the little ills of life, and thereby avoiding the graver diseases.

In the family of Martha Wheeler of Yorkville, N. Y., and J. S. Bowyer of Jamestown, Colo., no other laxative but this is used. It is a remedy for all the family, strong enough to be effective on the most robust and mild enough so that women, children and old people, who especially need a gentle laxative, can use it. You will find nothing better for constipation, headache, sick stomach, stomach, flatulency and such troubles, liver and bowel troubles than this Dr. Caldwell's Syrup Pepsin. Let it be your family remedy from today on, and you are sure you will have a healthy household.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Please send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 510 Caldwell Building, Monticello, Ill.

## CHARLES R. HEIKE INDICTED SECRETARY OF THE SUGAR TRUST

New York, Feb. 4.—Efforts of the federal officials to go "higher up" in the case of the sugar trust, accused of defrauding the government by the use of tampered scales in the weighing of imported sugar, have led to the indictment of Charles R. Heike, secretary of the American Sugar Refining Company, and five other men high in the employ of the company. Council for Mr. Heike asked for immunity on the ground that Heike and others appeared before the grand jury and produced books and documents in one or another of the sugar trust cases. The government's reply was to the effect that the evidence produced had nothing to do with the present case, but was connected with the investigation of the Social-Kaiser beer deal, which resulted in the closing of the plant of the Pennsylvania Sugar Refining Company, built to compete with the trust.

## SCENES IN PARIS DURING HEIGHT OF CITY'S GREAT FLOOD

ALONG A QUAY.

SCENE NEAR SEINE BRIDGE.

Although the subsiding of the waters, a relief of the danger of drowning it left the city in a sorry state as regards heat, lighting and transportation. One of our pictures taken at the height of the flood shows a stranded trolley car, with the water reaching nearly to its windows and a gangplank giving the only access to the forlorn vehicle. Along the famous quays of Paris the situation was similar.

**Saved Daughter's Life.**  
This Father Refused to Let His Daughter Die.  
Here is a story with a moral that many parents might take to heart. Mr. Thompson was very pale, nervous, thin, and suffered with severe pain in his back, so that we took her out of school. Her flesh became blue and she could not retain her urine. I spent over \$100 for medicines, but she grew worse. Finally I bought a bottle of Thompson's Barosma and she began to grow better right away. Five bottles of Thompson's Barosma made a complete cure, and today she is a perfectly healthy girl. Thompson's Barosma saved her life, for she was failing so fast that death was not far off.—Frank D. Meeder, Pleasantville, Pa.

This letter will not surprise many good people in Newark and vicinity who know from actual experience what Thompson's Barosma, the safe and sane treatment and certain cure for all kidney, liver and bladder diseases will do.

If you are troubled with backache, even when you are in bed, or any liver or kidney trouble, then it's time for Thompson's Barosma. W. A. Erman & Son sell Thompson's Barosma in two sizes, 50 cents and \$1.00, and they guarantee it to cure Bright's disease, diabetes, high colored urine, bed-wetting, and all other kidney and liver diseases. It will make anyone vigorous in a few weeks, because it is a great tonic and maker of rich red blood.

**INDOOR BASEBALL.**  
The dry goods men trimmed the corners off the clothing men in a hot game of indoor baseball at the Y. M. C. A. Gym. Through the magnificent pitching "Matheson" Frank Schimpf of the dry goods men succeeded in holding the score of one run in the first five innings while they put up the terrible score of 22 runs. This was due largely to "Lajolo" Shimpf flying around the bases. All the other players played exceedingly well. When the fateful sixth arrived "Hans Wagner" Sam Sachs started the ball rolling with a two bagger and then the rain poured. Sam had the opportunity of making two runs in that inning. Chris Ginzler played professionally all the time, even when he was in the batting right into his hands and legs. He had it. It was there with the crowd all O. K. Ginzler was there too. He started with his coat and vest on, but when he finished he was wearing articles of wearing apparel. When the smoke cleared away Sam was found sitting in the middle of the diamond with ten runs chalked up against him. Harner was then put in the box by a clothing man, and with a "cork screw" he succeeded in holding the dry goods men level the balance of the game. The final score was 27 to 20 in favor of the dry goods men.

There were between 40 and 50 men out and everybody had a good time.

ROCHESTER, N. Y.  
Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl, I had a head of heavy, long, dark brown hair which was the envy of my schoolmates, and which attracted the attention and remarks of strangers. As I grew older, my hair commenced to come out, just a little at first, but gradually more and more, and then began to turn gray. I was induced by the many good reports I had heard of Wyeth's Sage and Sulphur Hair Remedy to try a bottle. My hair was quite thin and gray when I began using Sage and Sulphur, and you can imagine my satisfaction when I found that it was fast coming back to its natural condition, being thicker, darker and more glossy than it had been for a long time. I continued to use Sage and Sulphur, and my hair is now as heavy, dark and smooth as when I was a girl of sixteen. It is now four years since I commenced using Sage and Sulphur, and my hair is still in splendid condition.

Sworn to before me this 1st day of July, 1915.

## TREASURER

Of Columbiana County Requests the Prosecutor to Start Suit Against Him.

Salem, O., Feb. 4.—As an aftermath to the report of State Examiners Tamm and Talman of the investigation of the books of Columbiana county officials, County Treasurer Hephburn today requested Prosecutor Meizer to enter suit against him to recover one thousand and fifty dollars, which the report state he obtained in a grossly irregular manner. Hephburn says he obtained the money by right of law, but if the court rules against him he is ready to put it back.

## RAILWAY AFFAIRS

While 2600-horse power locomotives are common in the United States and many exceed that size, a 1200 horse power engine is considered large in continental Europe.

A meeting of the Railway Trainmen is to be held in Cleveland soon. It is believed that at the conference another scale of wages will be put up and presented the officers of the various railroads for their consideration.

The past month has been one of the most remarkable in the history of the Pennsylvania company in regard to passenger service. Year after year the January travel has been so light that the trainmen looked forward to it as a sort of rest. But this month has been one of time or vacation while on duty, the hardest the road has ever known. The traffic was tremendous. The business is nearly as good now as it was just preceding the holidays. Of course it cannot compare with the New Year's rush, but it is heavy enough to keep the trainmen on the road the limit of time. The freight rush has not quieted down yet, and the officers are working hard to keep the situation.

# ENDS STOMACH TROUBLE AND INDIGESTION

No Heartburn, Gas, Headache, or Other Stomach Misery Five Minutes After Taking Diapiesin.  
Take your sour, out-of-order stomach—or maybe you call it indigestion, dyspepsia, gastritis or catarrh of stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a recent case of Diapiesin and let you eat one 22-grain Triangule and see if within five minutes there is less trace of your former misery.  
The correct name for your trouble is Food Fermentation food souring; the digestive organs become weak, there is lack of gastric juice, your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.  
If your appetite is feeble, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.  
Prove to yourself in five minutes that your stomach is as good as any, that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.  
Instant relief is waiting for you. It is merely a matter of how soon you take a little Diapiesin.

# FOR YOUR HAIR

Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, it is understood that in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.  
When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth.  
When Rexall "93" Hair Tonic will do as above stated it is not strange that we have such great faith in it and that we claim it will prevent baldness when used in time. It acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum nor permanently stain the hair.  
We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out, and promote an increased growth of hair and in every way give entire satisfaction, simply come back and tell us, without question or formality, we will hand back to you every penny you paid us for it.  
We lead our endorsement to Rexall "93" Hair Tonic and sell it on this guarantee, because we believe it is the best hair tonic ever discovered. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our store.—The Rexall Store, Hall's Drug Store, 10 N. Side Square.

## Manufacturers' Sample Sale

**STARTS TOMORROW MORNING**

**Beginning Tomorrow Morning and Continuing Throughout the Remainder of This Month, We Are Going to Conduct One of the Largest and Greatest Cut Price Merchandising Events Ever Attempted by a Newark Business Enterprise**

### THE WHOLE STORY IS THIS:

Semi-annually, in January and July of each year, the large manufacturers of Housefurnishing Goods place on exhibition in New York, Chicago and Grand Rapids, their entire sample lines, that the hundreds of retailers located over the United States may come, visit, inspect and purchase their stocks for the Spring and Fall trade. After these exhibitions are over, the manufacturers, rather than reship the samples to their factories, dispose of them at a discount of from 25 to 50 per cent. Our buyers, always on the alert for a snap of this kind, secured several of the Big Sample Lines of some of the best furniture manufacturers in this country.

"Mine Host" Jake Schrader, of Avondale, is Now a Resident of This City.

"Mine Host" Jake Schrader, who for years was proprietor of the hotel at Avondale, and who recently sold his property to William Bergin, of this city, has moved to Newark, and is now at home at 67 Railroad St. In referring to his departure from Avondale the paper at Shawnee says: Jake's big, good natured, smiling face will be missed by all who have heretofore frequented the Avondale resort. It is a place frequented by all classes of people, from various parts of the country. Jake's place was always found to be a place of the situation, and by him, high or low, all were served alike. He was never known to tell any one the hour at which meals would be served. If asked the question, his answer was: "When the bell rings." Or if asked by someone where he could find a boat, the answer would be: "In the water." Though asked these questions hundreds of times he never deviated from the peculiar answers.

On business, speculation, investments, insurance, changes, travel, love, marriage, lawsuits, separations, wills, debts, mortgages, patents, claims, collections, etc.

**LOVE, COURTSHIP, MARRIAGE.**

What is more BEAUTIFUL than the true, UNBLEMISHED love of one person for another? What are sweeter, better or more to be desired than perfect harmony and happiness in married life? If you want to win the esteem, love and EXHAUSTING AFFECTION OF ANOTHER, Prof. Myron, He has INSPIRED many with that true love, that affection of each other which gives man the tendency to love only one woman and the woman the tendency to love only one man; when this affection is strong it will not change, even in the midst of all sorts of adversity, but will continue to love with a love that fears nothing, doubts nothing, succumbs to nothing; such a love will not change of heart. But where it once existed it may have been forced to change by evil influences, or the poor people working against it with their cold, cruel, and unfeeling hearts, and those who have come into your lives, they can.

## QUIETLY, STRAIGHTLY AND UNBOTHOMEDLY

And you make you successful if you consult him. He will give you all the important points of your success. He will give you the explanation of your past, and he will give you the reason for your present.

## DO YOU CONTEMPLATE ANY IMPORTANT CHANGES?

If you do, you will find it profitable to consult Mr. Myron. He will give you all the important points of your success. He will give you the explanation of your past, and he will give you the reason for your present.

## LANCASTER IS IN LINE

Columbus, Feb. 4.—Evidence that Lancaster men are ready to restore their city to a place in the Ohio State league was placed before President Quinn last night and there was such a mass of it that all doubt as to the comeback has been removed.

There is no reason why a baseball club in Lancaster cannot be made a self supporting concern. The men who are lining up to back it are doing so because they have pride in their city and do not want it to be known as a baseball graveyard.

All arrangements contracted while the old team league was operating that territory have been settled and the old company disbanded. The new one will start out without a burden of debt and with its stockholders' aid, in every way possible, to help it in its endeavor to gain its place in seasons past.

Lancaster's readiness to enter means that five clubs are past the stage of uncertainty. Lima, Marion, Portsmouth and Chillicothe are the other four.

Steps have been taken toward the presentation of an application from Newark, Mansfield belongs to the Ohio State, but it is determined at Monday's meeting to operate as in the past. Newark may be more acceptable than Mansfield as the sixth club.

**SOME SAUSAGE**
